Mr. Mike Green
Hunter Engineering Co.
Orlando Region

Dear Mr. Green,

I just wanted to take this opportunity to thank you for selecting our Deland store as a test site for your "Smart Weight" software program.

As you know we have two GSP9700 Hunter Roadforce balancers in this store. This has been one of the best equipment investments we have made.

And now with "Smart Weight", Hunter has made a great product better. Not only are we greatly reducing our expense in wheel weights, we save time on each wheel balanced. We never have comeback, and we never chase weights.

Thanks again for giving us the opportunity to test this product. It definitely is a winner.

Sincerely,

Bill Baker
General Manager Retail Division
